

Irene Porro

Senior Product Designer

ireneporro6@gmail.com | +34 672 10 38 96 | LinkedIn | Portfolio

Product Designer with 5+ years of experience across B2B SaaS, enterprise platforms and interactive digital experiences. I turn complex workflows, product rules and evolving requirements into clear interfaces and systems that teams can build and grow. My work spans product discovery, information architecture, interaction design, prototyping, design systems and implementation support across web and mobile. I am especially interested in interactive products and Game UI.

PROFESSIONAL EXPERIENCE

Senior Product Designer | Kraferd INC / emmyHealth

Aug 2024 - Present | Full-time | Senior since Feb 2025

One full-time role across two related business areas, designing B2B SaaS, HR platforms and digital products across web and mobile.

- Own product design from requirements and workflow mapping through high-fidelity UI, prototypes, design systems and implementation support.
- Turn complex HR, payroll, CRM and AI-assisted workflows into clearer dashboards and actionable product experiences.
- For a multi-year workforce operations platform, mapped 30 workflows across 8 core roles and helped connect processes previously spread across 3 legacy platforms.
- Created reusable foundations supporting 42 components and 149 implementation tokens across a growing product ecosystem.
- Collaborate with product managers, product owners, stakeholders and engineers to resolve product logic, usability, edge cases and delivery constraints.

Independent Product Designer | Selected freelance projects

Jun 2023 - Present | Project-based

Occasional product and web design projects for startups and individual clients alongside my main product role.

- Lead projects from discovery and information architecture through high-fidelity design, prototyping and delivery.
- Design MVPs, responsive websites and landing pages focused on usability, clear positioning and conversion.
- Collaborate remotely with international clients and product teams across time zones.

UX/UI Design Mentor | Coderhouse

Nov 2023 - Jun 2026

Mentored UX/UI students through research, user flows, information architecture, design systems and usability reviews.

UX & Product Designer | HeyAndes

Mar 2024 - Jun 2024

Designed and improved SaaS experiences with development, marketing and leadership, balancing business goals with usable product flows.

Project Manager | Sur Studio

Sep 2023 - Feb 2024

Led cross-functional planning and collaborated with design and development teams to organize sprints and deliver digital projects.

Product & UX Designer | Escorpio

2020 - 2021

Designed and prototyped web and mobile experiences, interactive content and e-commerce improvements.

SELECTED PROJECTS

Enterprise workforce operations platform | Product design case study

B2B SaaS | Multi-role workflows | Design system

An anonymized case study showing how workforce, payroll, permissions and compliance requirements became one connected operational product model.

WattlePay | Mobile product prototype

Mobile UX | Interaction design | React prototype

A mobile wallet concept with 7 connected flows, shared product state and a working prototype built to test behavior across the full product journey.

CORE SKILLS

Product Design | Interaction Design | Information Architecture | UX Research | User Flows | Wireframing | Prototyping | Design Systems | Responsive Web & Mobile | B2B SaaS | Data-heavy Interfaces | Accessibility | UX Writing | Stakeholder Collaboration | Engineering Handoff

TOOLS
